Annual Report SIRIRI 2016

About SIRIRI

SIRIRI is a charitable organisation with the primary aim of providing support to people in the Central African Republic on their way towards self-sufficiency. Since its creation in 2006, we have been focusing on development projects in the field of education, health and agriculture. In the long term, we support high school and orphanage care centre in Bozoum, university students and we provide medical service to the most endangered groups of the population. Our partners are missionaries of Discalced Carmelites who have lived and worked in the CAR for decades. Thanks to this collaboration and the generosity of our donors, we are able to react to the real needs of the people, helping real individuals and engaging local workers in our projects. We organise educational events for adults and children, the aim of which is to draw the attention of the Czech population to the situation in the CAR and the meaning of development aid in general.

Introductory Word

Dear Friends of SIRIRI,

2016 is a new step for our activities in the Central African Republic.

Everything began with the idea to help local teachers with teaching in their native language. Together with your help, we have created a textbook and tested it directly on location. The feedback surpassed our expectations. Words of encouragement, interest of parents and the unprecedented performance of pupils in first grade demonstrated that we are on the right track. As the local teachers are willing to see the continuation of the Learning through play project, we have decided to do so and we have even extended it.

Our other programmes also continue to evolve. The support of our volunteers, donors and everyone who has offered spiritual, practical or material help is essential to our success.

The following pages of this document show that we have written another new chapter in the life of thousands of inhabitants of this country. Between the lines, one can see that in today's world we do not necessarily have to be just spectators. On the contrary: we can create an impulse of solidarity and work on our common goal that brings joy. This is what we would like to share with you today.

Thank you for your help.

Pavel Fischer,
member of the Administrative board of SIRIRI

Acknowledgement

We would like to thank to all our donors that have aided financially or materially our activities in the Central African Republic!

We would like to especially thank the members of our Friends Club for their continuous support that allows us to expand and plan our activities in the future.

Thanks goes also to those who aided our organisation by providing service, invested their time and skills that helped us to achieve a higher standard of professionalism.

We would like to thank all the schools, monastic communities, parishes and other organisations and companies for their support and cooperation within the scope of educational programmes organised by SIRIRI, propagating awareness about the situation in CAR.

Our thanks go equally to the printing company the textbooks and other school tools, the city of Pilsen and Caritas Italiana.

We would like to thank all the public institutions for their trust in the grant allowances for our projects. A special thanks goes to the Ministry of Foreign Affairs of the Czech Republic, Development Agency of the Czech Republic, the Embassy of the Czech Republic in Abuja, the Embassy of France in Bangui and Prague and the Central African Bishop's Conference.

Finally, we would like to thank a lot to all the willing volunteers and colleagues of SIRIRI that assisted us in our activities. SIRIRI could simply not make it without their involvement.

Thank you!
