OpenGrey

OpenGrey - **System for Information on Grey Literature in Europe**, formerly OpenSIGLE, is your **open access** to SIGLE **bibliographical references** of reports and other **grey literature (GL)** produced in Europe.

Examples of GL include **technical or research reports, doctoral dissertations, some conference papers, some official publications**, and other types of grey literature.

OpenGrey covers **pure and applied science and technology, economics, social sciences and humanities**.

News

Focus

OpenGrey federates the resources of major European information and document supply centres who joined in an association known as EAGLE: European Association for Grey Literature Exploitation.

Each centre was responsible for collecting grey literature produced in its own country and for providing details of it

OpenGrey now includes the GL conferences preprints from our [GreyNet](#) partner

- Moved to NTK in Prague
- Continuing GL12
- 11 presentation – 2 foreign
- Proceedings in English version

Next year October 25, 2011 in NTK
