**Repurposing Grey Literature - Linking Research Data to Full-Text Publications:
Some Preliminary Results**

Dominic Farace

Prepared for the 4th Annual Seminar
'Providing Access to Grey Literature'
National Technical Library, Prague, October 25th 2011

GreyNet

Grey Literature Network Service

Enhanced Publications Project (EPP)

The **definition of an enhanced publication** is borrowed from the DRIVER-II project, “a publication that is enhanced with three categories of information: 1) research data, 2) extra materials, and 3) post-publication data”.

GreyNet

Grey Literature Network Service

EPP Partnering Members and Organizations

Christiane Stock,
INIST-CNRS, France

Debbie Rabina,
Pratt Institute, School of Information and Library Science,
USA

Laurents Sesink, DANS
Data Archiving and Networked Services, Netherlands

Dominic Farace and Jerry Frantzen, GreyNet, Netherlands

GreyNet

Grey Literature Network Service

A Phased Approach

1. Project Proposal and Formation of the Team
2. Design of the Questionnaire and Author Survey
3. Criteria for the commentaries and selection of eligible conference preprints
4. Acquisition and Submission of research data
5. Data upload and cross-linking
6. Draft of enhanced publication guidelines and the design of a future workflow

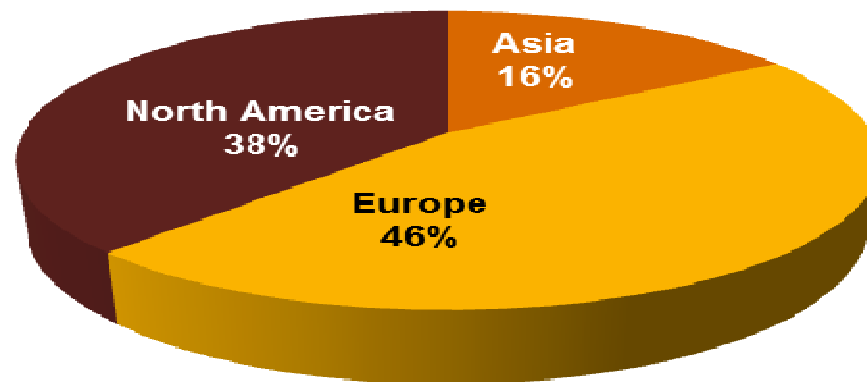

GreyNet

Some Preliminary Results:

Number of (co)authors in the GL-Series	Number of first authors in the GL-Series	Number of EPP Survey Recipients	Number of EPP Survey Respondents
286	162	95	37

Respondents by Geographic Region

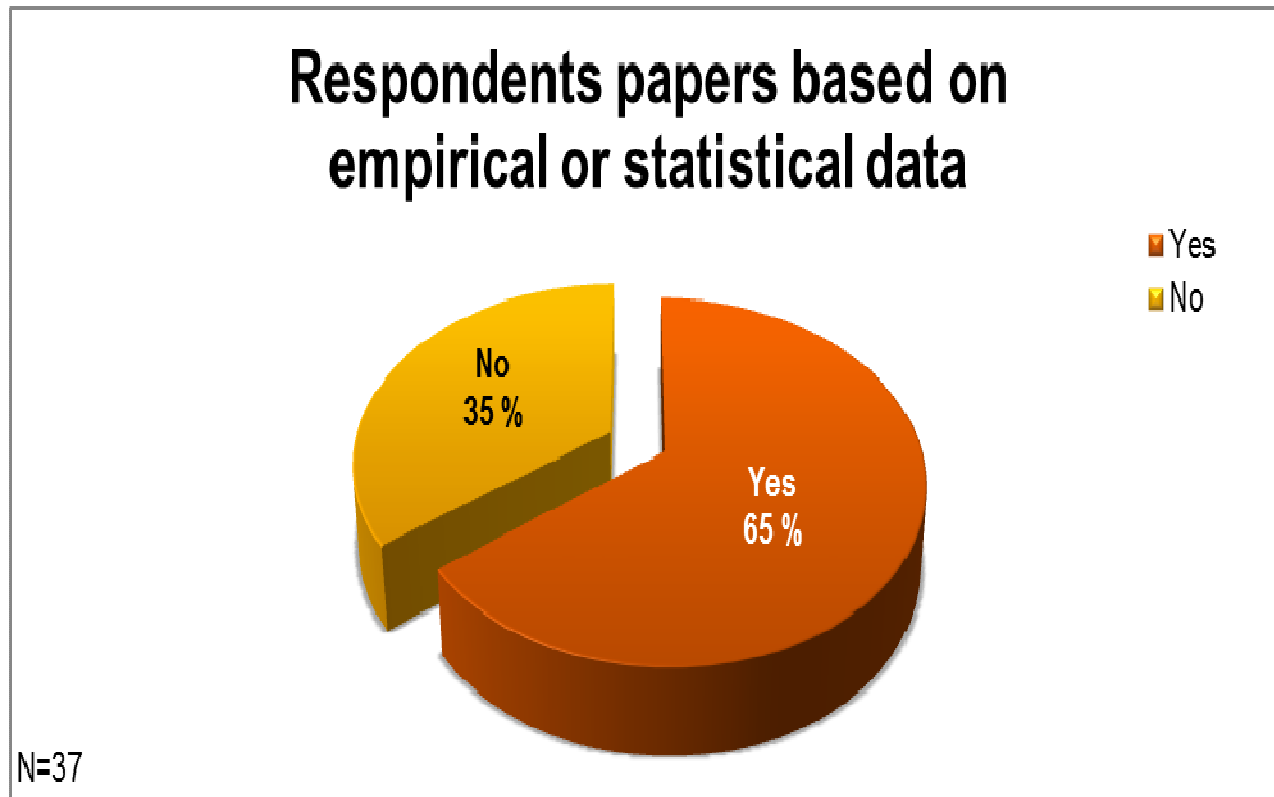

N=37

GreyNet

Grey Literature Network Service

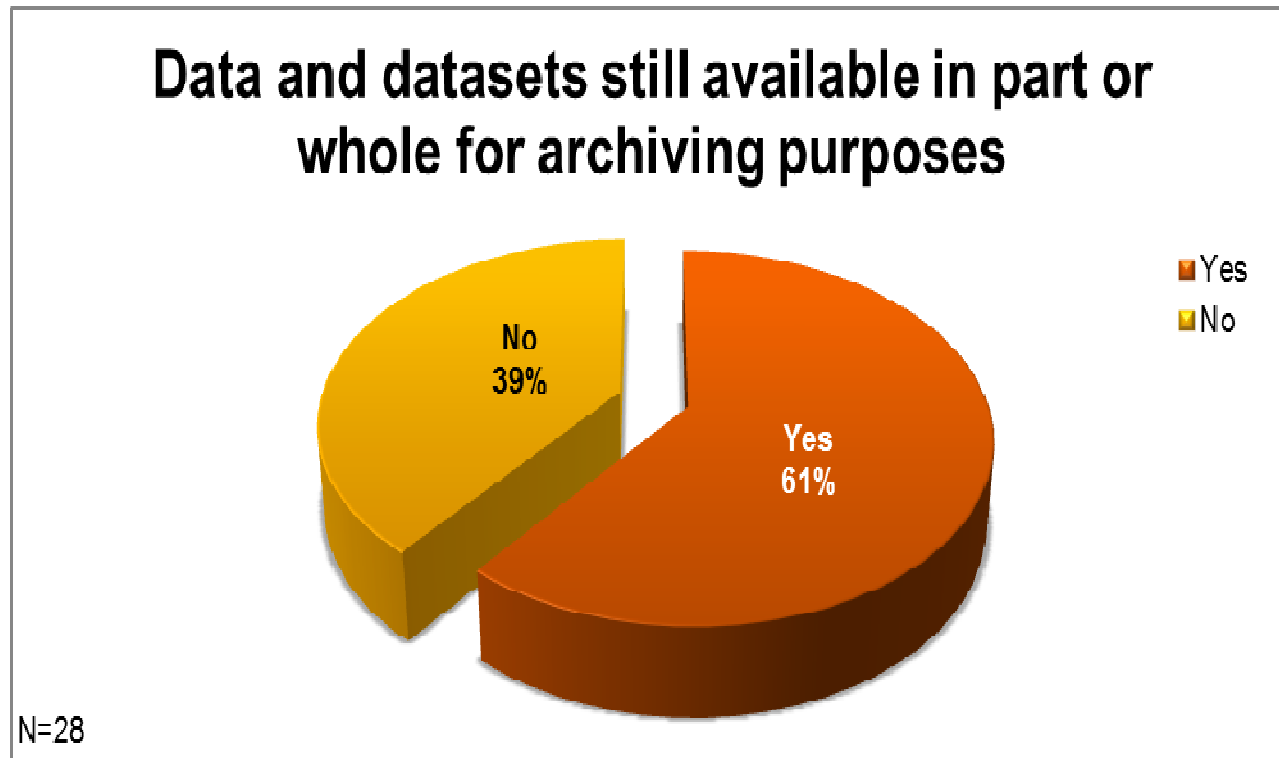

Question 1: Does one or more of your conference papers in the GL-Series base its findings on empirical or statistical data?

GreyNet

Grey Literature Network Service

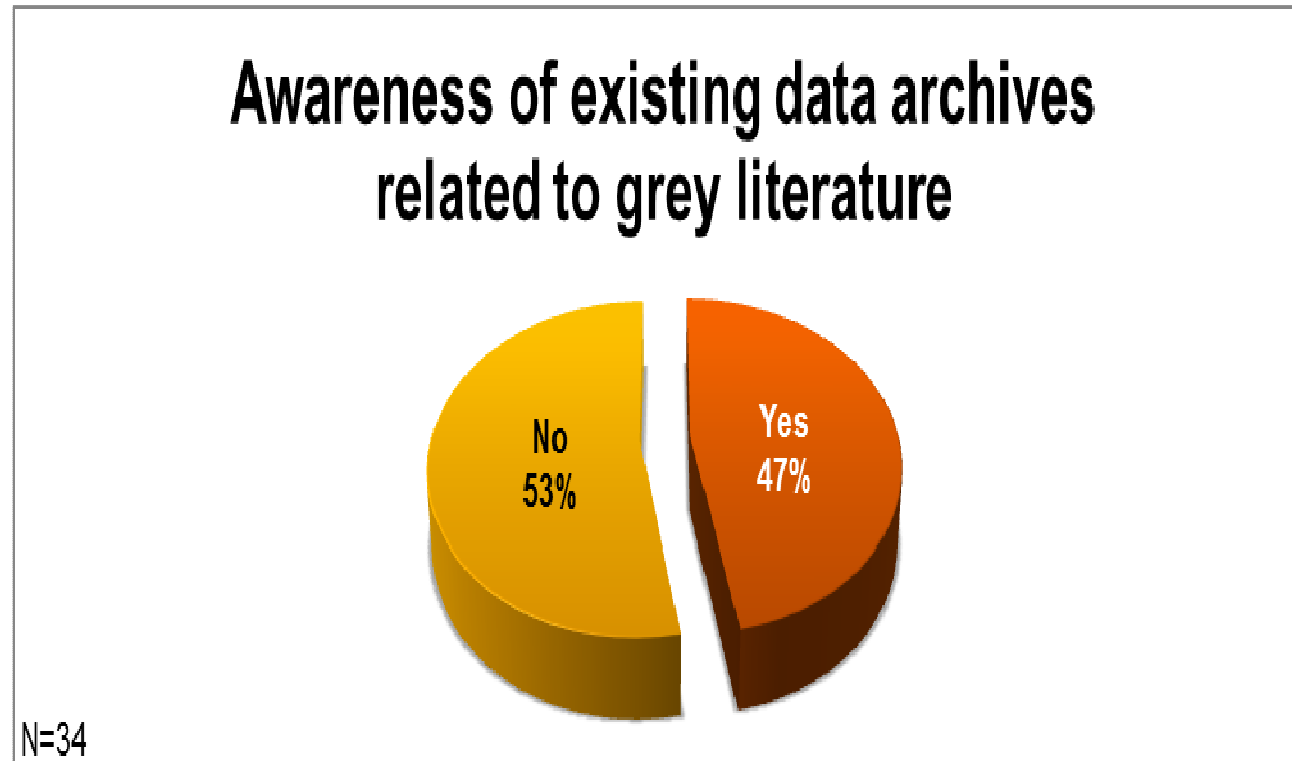

Question 2: If so, would these data and/or datasets still be available in part or whole for archiving purposes?

GreyNet

Grey Literature Network Service

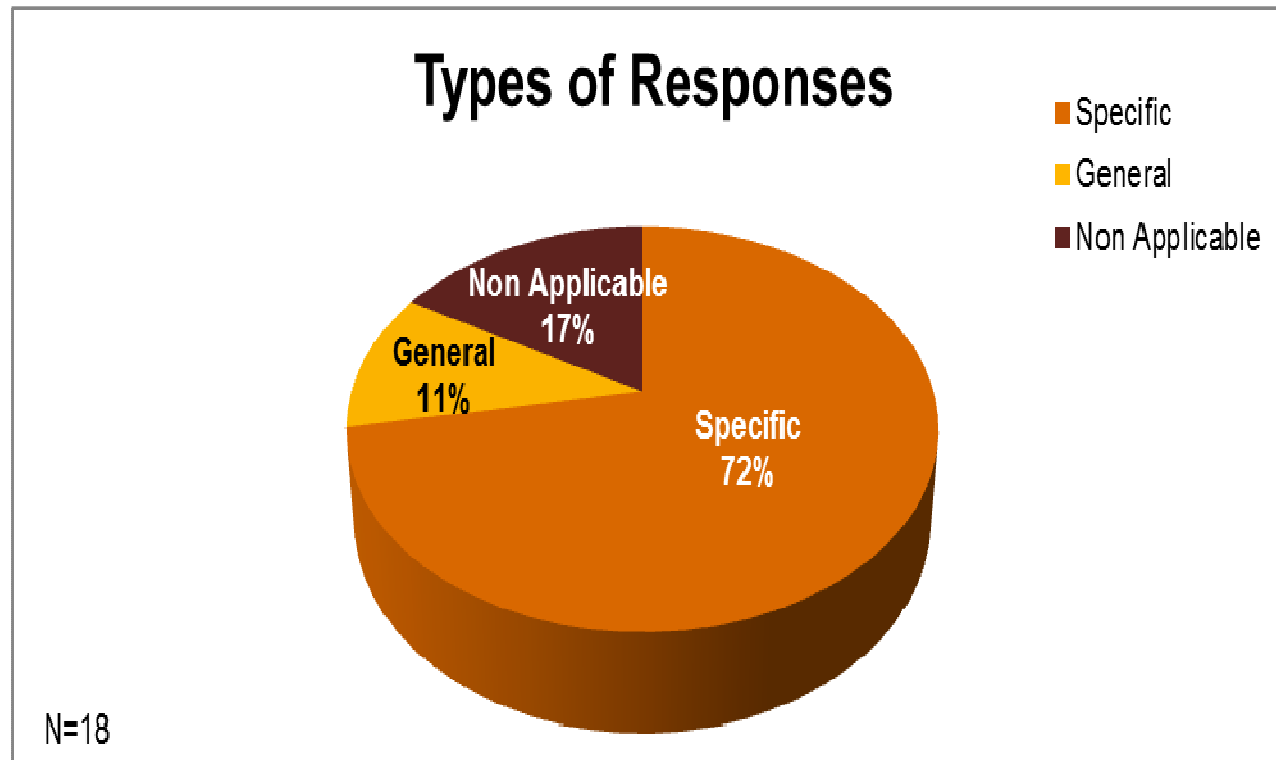

Question 3: Are you aware of any existing data archives or data initiatives in your country related to grey literature or other scientific publications?

GreyNet

Grey Literature Network Service

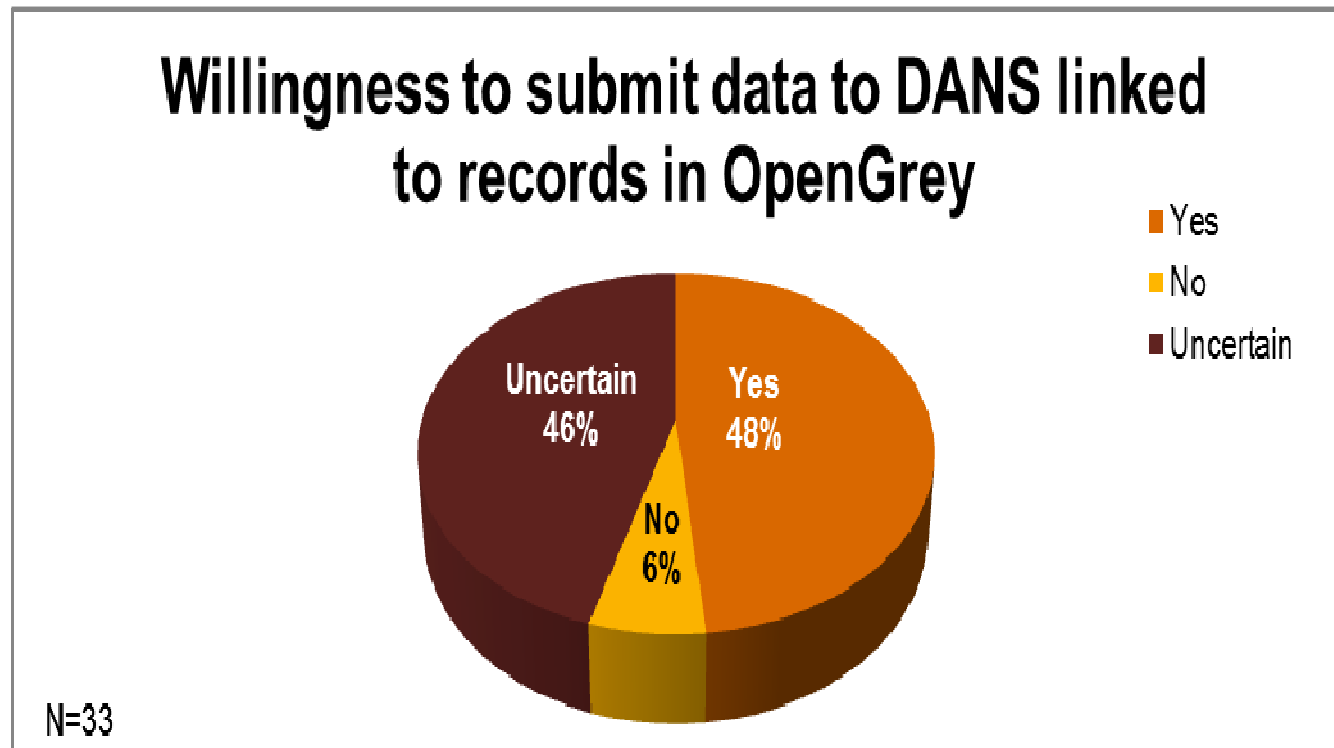

Question 4: If so, please provide the name(s) and corresponding URL(s) here?

GreyNet

Grey Literature Network Service

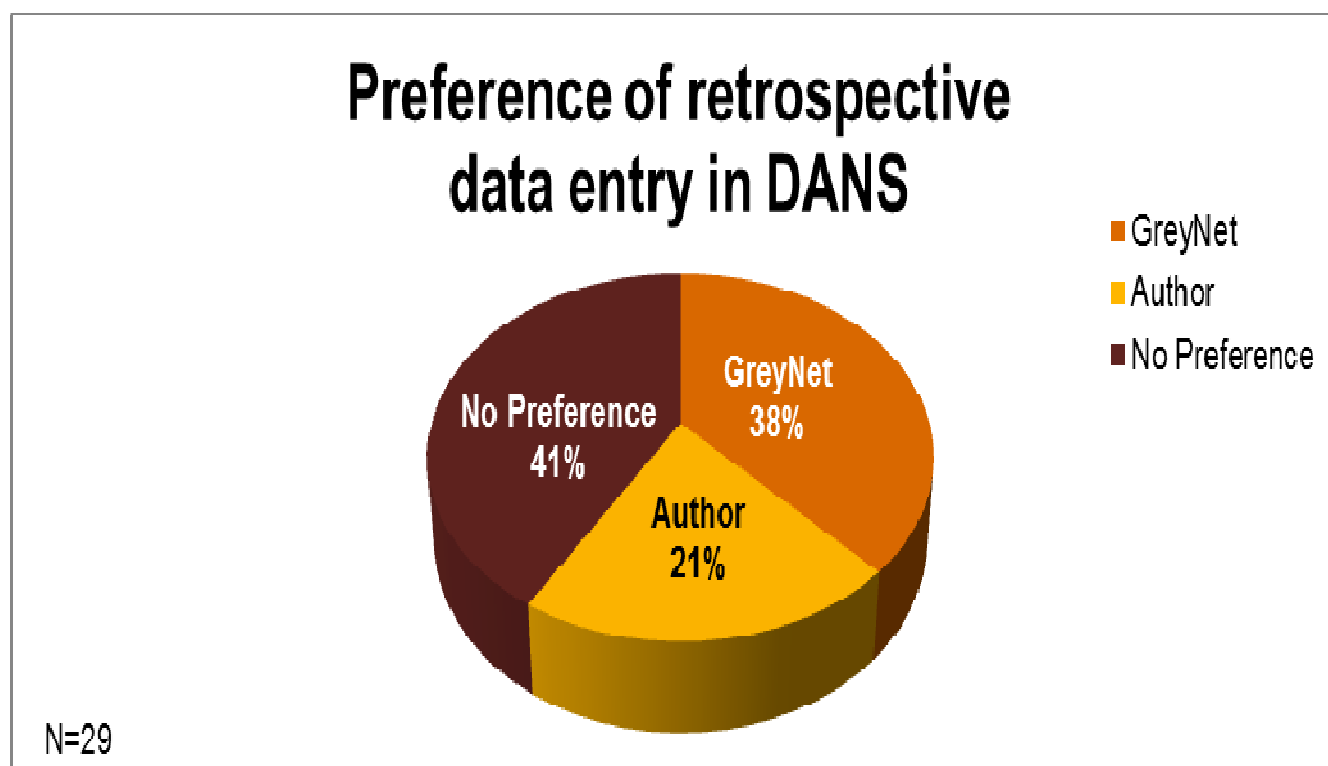

Question 5: Would you be willing to submit data, datasets, or subsets to DANS (Data Archiving and Networked Services) that would in turn be linked to their existing metadata records in the OpenGrey Repository?

GreyNet

Grey Literature Network Service

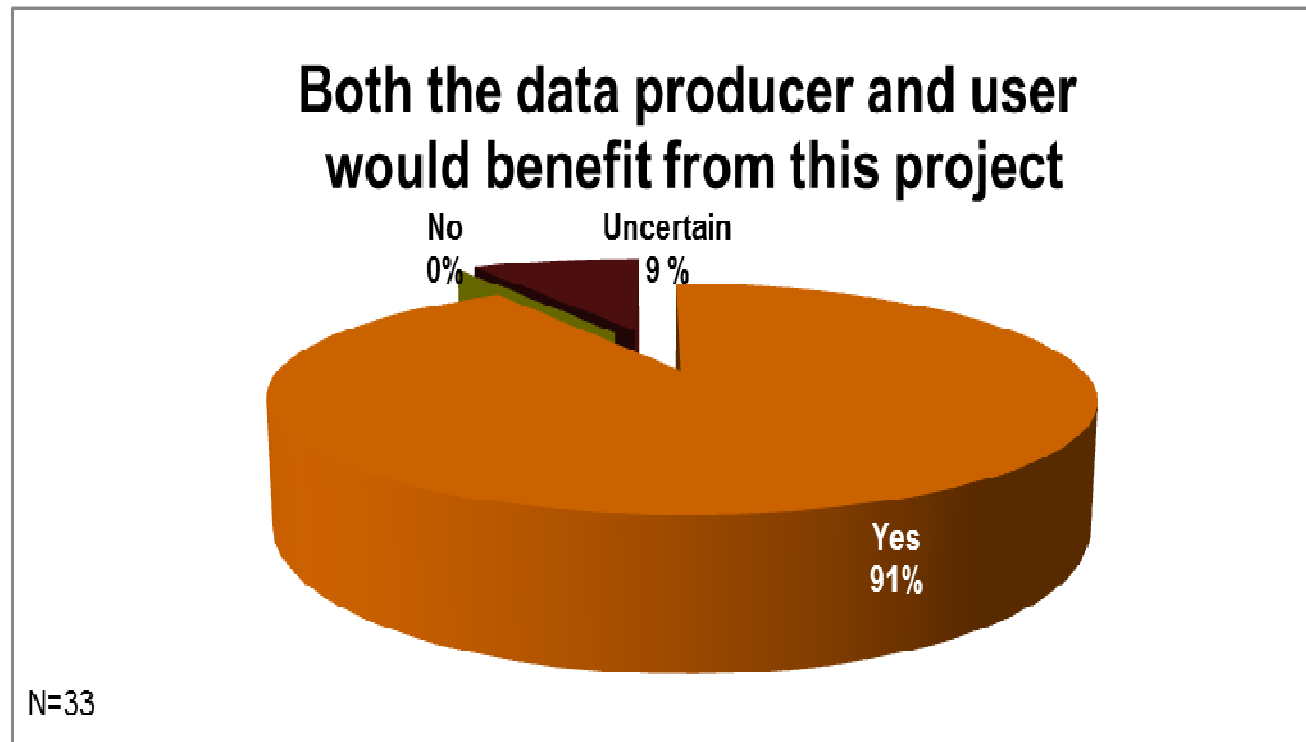

Question 6: If so, would you prefer that GreyNet entered your retrospective data and/or datasets in DANS, or would you prefer to do this directly?

GreyNet

Grey Literature Network Service

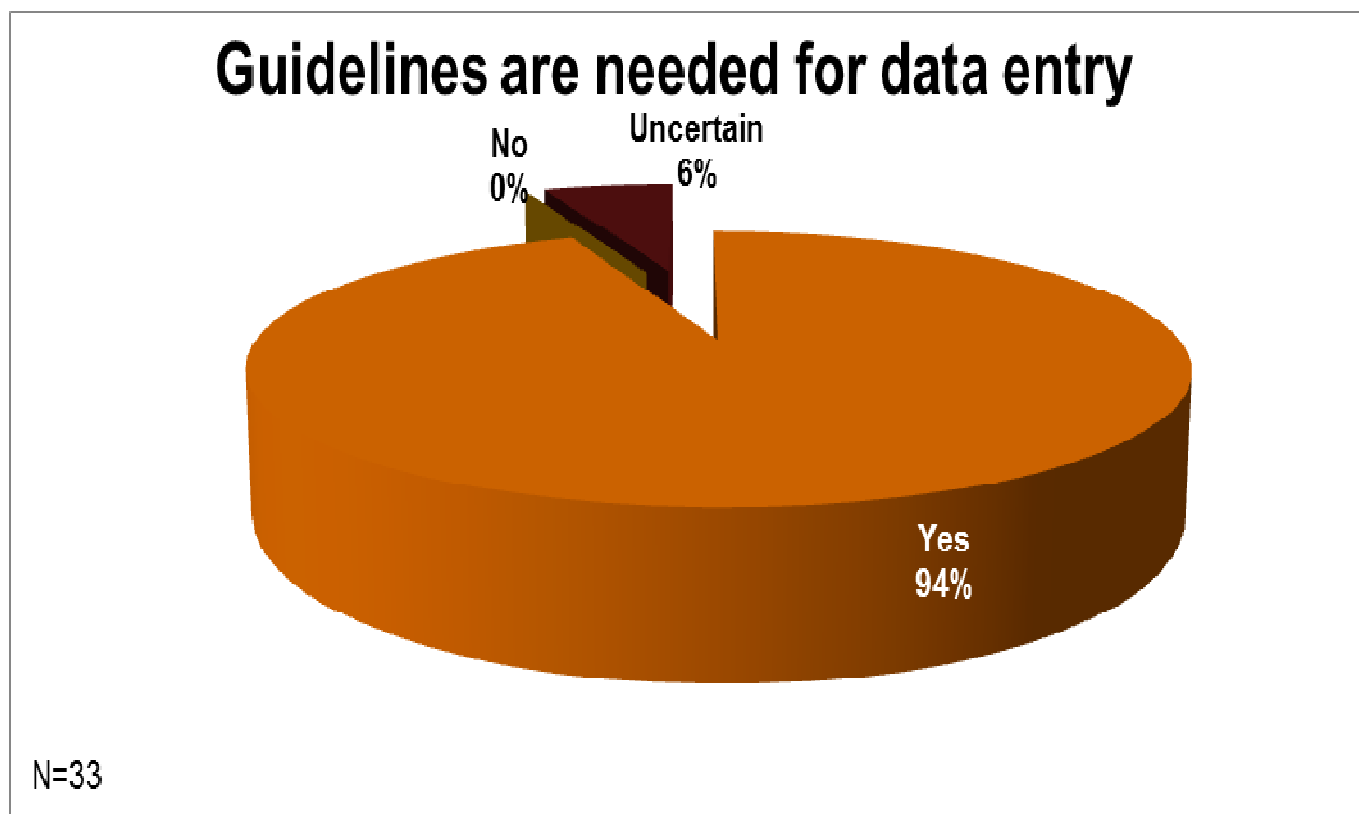

Question 7: Do you agree that both the data producer as well as the data user stand to benefit by submitting data, datasets, or subsets for this Enhanced Publications Project?

GreyNet

Grey Literature Network Service

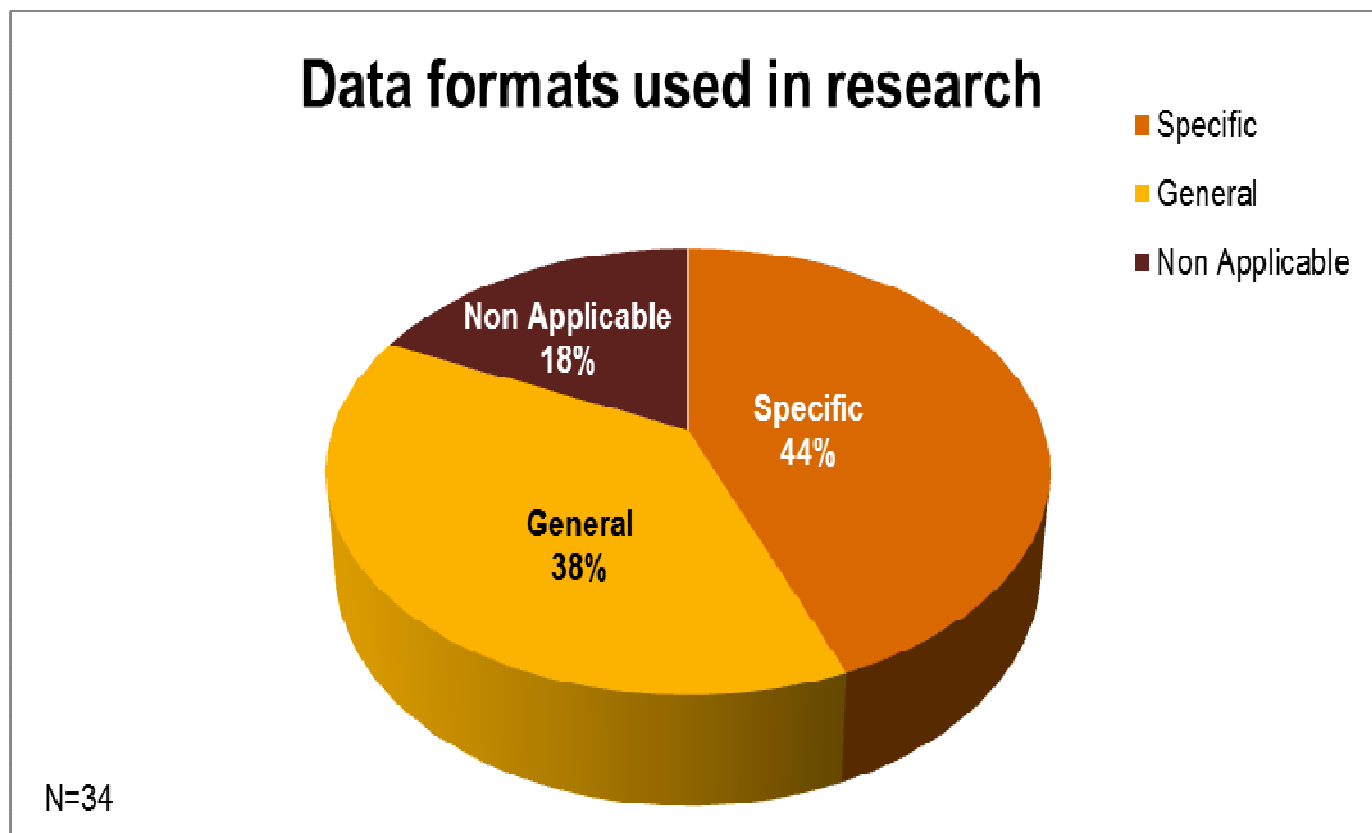

Question 8: Do you think that guidelines for data entry should be available for future conference papers and other types of grey literature?

GreyNet

Grey Literature Network Service

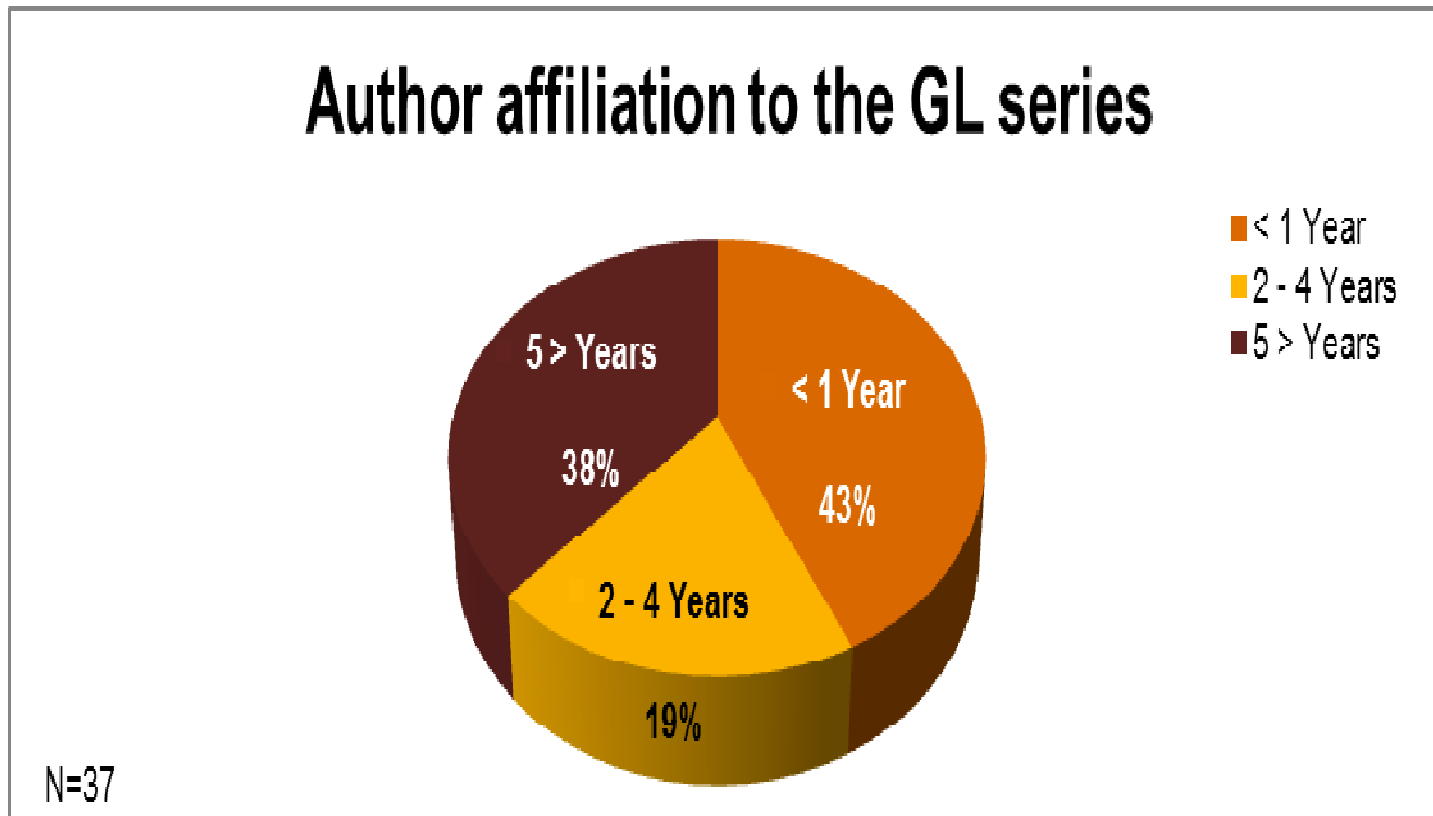

Question 9: What kind of data and data formats have you used/are using in your research?

GreyNet

Grey Literature Network Service

Question 10: Please enter your name, email address, and any other comments or recommendations for this Enhanced Publications Project?

GreyNet

Grey Literature Network Service

Thank You!

**Your comments and recommendations
for this project are most welcome!**
